Description

The QuickChek Sulphate Reducing Bacteria RC II Ten-Pak kit tests for sulfate reducing bacteria. The entire procedure takes only one hour, is not affected by chemical or salinity interferences, and has a range of 10^3 to 10^6 bacteria per milliliter. If kept refrigerated and stored properly, shelf life is one year. Contents - 10 boxes (tests) per kit.

Size: 16" × 11" × 6" (41 × 28 × 15 cm)
Weight: 6 lb (2.7 kg)
