

Mud Deaerator with Vacuum Pump

Brand:

Product Code: 110-00

Availability: Call for availability

Lead Time: 21

Description

A hand-operated vacuum pump removes gas or air from fluids to provide a more accurate density measurement. Density readings are then provided using the conventional mud balance. This product comes complete with mud chamber, paddle assembly, and pump.

Size: 16" x 13" x 11" (41 x 33 x 28 cm)

Weight: 7 lb (3.2 kg)
